

Editorial Report 2019

the Journal "BULLETIN OF TARAS SHEVCHENKO NATIONAL UNIVERSITY OF KYIV. ECONOMICS"

by Ganna Kharlamova, the executive editor

This annual report presents the summary statistics on the operations of the Bulletin in 2019, together with my commentary. Since 2014, this report is published (after approval by the Publications Committee) on the Bulletin website in a continued effort to increase the transparency of the editorial process (<http://bulletin-econom.univ.kiev.ua/editorial-board/the-editorial-policy>). I hope that the report provides insights to the Bulletin for authors, reviewers, and readers about how the editorial team has improved its

responsibilities.

General situation

BULLETIN OF TARAS SHEVCHENKO NATIONAL UNIVERSITY OF KYIV. ECONOMICS is the academic periodical of TARAS SHEVCHENKO NATIONAL UNIVERSITY OF KYIV Faculty of Economics. It publishes articles in the field of current problems of economic theory, international economics, business economics, management, theory of finances, banking, insurance, statistics, accounting and auditing, environmental safety, economic-mathematical modeling, information technology in the economy. Board of Editors and Reviewers consists of faculty members and academicians from other universities over the world. The submissions are dispersed to members of these Boards according to their fields of expertise.

The website of the journal (<http://bulletin-econom.univ.kiev.ua/>) stores archives since 2008 (online papers and full volumes).

Since 2017 we publish bimonthly volumes.

Since the 25th February 2019 printing and editorial costs of the journal are covered from the faculty budget (thus, it is free-of-charge for the university-based authors) and authors' contributions. The issues are printed in Publishing center "Kyiv University". The costs of regular printing materials (ink, carton etc) are paid by Dean's Office of the faculty of Economics. This allows the journal fulfill its long-standing public service mission of well-regarded and respected academic discourse.

We are TOP-1 University journal according the internal rating.

In 2019 6 issues were produced (the normal number) - <http://bulletin-econom.univ.kiev.ua/ua/archive/2019-2>. As pursued, during 2019 the issues of the journal were published within schedule and included:

- 45 papers printed, every 3d paper is printed in English
- 78 unique authors, every 3d foreign author is from all over the world

we clearly see a jump in Journal's internationalization and share of papers in English.

As to citation: h-index =19 (Google scholar) (4 points increase)

The Editorial Board felt that this was a particularly good year for high quality submissions.

The geographical distribution of all authors of accepted papers over the year: Ukraine, Kuwait, Romania, Kazakhstan, Georgia, UK, Bulgaria, Nigeria, Saudi Arabia.

In 2019, turnaround times for editorial feedback to authors were as follows: max - 1 month, min - 7 days.

Indexing (<http://bulletin-econom.univ.kiev.ua/ua/abstracted-indexed>)

For nowadays, we are indexed and abstracted in: more than 35 databases. Our honour of the year to be accepted for the Erih Plus and Listing in the Periodicals List, which is included in the List of Scientific Professional Editions of Ukraine (Category "B") Order of the Ministry of Education and Science of Ukraine 03/17/2020 # 409, and we received 100 points in Index of Copernicus.

The journal is distributed **free of charge** to the authors, faculty members and to libraries of public universities and some public institutions.

Impact factors are highly volatile, especially for journals that recently got indexed in the Index, and hence caution is advised at the time of evaluating these results. However, these results do suggest that there exist good opportunities for a high-quality international and generalist journal in economic field, such as the Bulletin and that pursuance of tolerance in the editorial policy towards various research paradigms and methods of conducting research will definitely make the Bulletin a "first choice" journal.

Statistics

	205	8	15	5	10	3	5	0	4	4	9
	206	6	13	3	10	2	4	0	8	4	6
	207	6	11	0	11	2	4	0	6	1	5

The past year has been another good one for the journal. As **Statistics** shows, our **submission numbers** reached a new high of more than 57 at the end of 2019, reflecting the growing international status of the journal, which now receives papers from over 13 countries each year. Average rate of papers' decline is **20%**. We have just a few recalls by authors. As well just **10%** rejections are on the base of plagiarism. We have a double peer-review system.

The journal has free access to archive and we have already thousands of visitors.

Editorial policy

During 2018 the journal faithfully continued to implement its aims and scope as defined in 2013. It is: "The Bulletin is the international scholarly journal of Taras Shevchenko National University of Kyiv. Devoted to the advancement of economic knowledge, it provides a forum for the publication of high quality socio-economic research manuscripts. The journal acknowledges its European origins and the distinctive variety of the Ukrainian and European economic research community. Conscious of these origins, the Bulletin emphasizes openness and flexibility, not only regarding the substantive issues of economic research, but also with respect to paradigms, methodologies and styles of conducting that research."

The journal is very pleased to announce some new members of the **Editorial and Review Board**:

<http://bulletin-econom.univ.kiev.ua/editorial-board>

<http://bulletin-econom.univ.kiev.ua/editorial-board/our-peer-reviewers>

They bring expertise across a range of quantitative application. I would like to warmly thank all those who have generously given their time to review articles for the journal.

We strongly encourage academics from across the field to submit their work to the journal and in closing I know I speak for the entire Editorial Board when I express my unreserved thanks to the large team of Referee's who support the journal. Without your continued support the journal could not survive – thank you!
